**Monthly meetings are a great way for all our veteran members to get to know one another and participate at a level in the Legion that you are comfortable with and that your time allows. As a member of the Legion you can continue to serve our country, veterans, community and youth. To those of you that make the meetings—thank you—to those that don't —come and check us out.**

Greetings Fellow Veterans: This is our first attempt at publishing a Newsletter. Our goal is to have better communications with all of you on things as simple as our meeting dates—Veteran of the Month and Quilts of Honor awards—officer information—membership goals—scholarships—gambling—and fund raising events. As we become better at this we should have a page about the Legion Axillary on what they are doing. We want your input as to what you think should be in the Newsletter. If we all work together through better communications we can serve our veterans better.
